---

From Wikipedia, the free encyclopedia

**Sagist Group** is a Turkey-based global manufacturer of custom-made luxury furniture that works with different businesses on a project basis and creates investment opportunities for investors in its field.

### Overview

---

Sagist Group manufactures custom-made luxury furniture<sup>[1][2][3]</sup> while specializing in luxury hotel furniture factories, luxury villa furniture factories, luxury restaurant cafe furniture, and luxury office furniture. Sagist Group works with leading businessmen, politicians and their projects. It has investors from all continents, including Africa and Europe, and has conducted projects in the USA, European Union countries, the Arabian peninsula, and a significant part of Africa.<sup>[1][4]</sup>

Headquartered in Istanbul, Turkey, the company has showrooms in 23 countries on 5 continents worldwide, including Istanbul, London, California, Vienna, Dubai, Doha, Moscow, and Vienna. It has worked on 126 5-star hotels, 1650 ultra-luxury villas, and many schools and hospitals in 47 countries.<sup>[5]</sup>

### History

---

Sagist Group was founded in 1978<sup>[1]</sup> In Istanbul by Metin Durmaz, a businessman and architect.<sup>[3][6][7]</sup>

The company initially only produced furniture and later ventured into custom-made furniture and began taking up projects requiring several custom-made furniture objects for hotels, schools, hospitals, and restaurants.<sup>[8]</sup>

In Early 2022, in line with this lofty goal, Durmaz invested 43 million USD in establishing the company's status in several other sectors such as architecture, international transportation, coffee, acoustic panels, and construction.<sup>[3]</sup>

In April 2022, the company launched its latest brand Sagist Mega International, in Bulgaria for 400 luxury villa projects, opening its doors to investors, particularly African investors.

Recently, Sagist Group earned over 11 million USD from a furniture distributorship deal, which was swiftly given out to its investment partners.<sup>[3]</sup>
